Valois and I briefly discussed and agree signage makes sense. I think a basic message as follows would suffice:

USEPA Public Hearing
9 am to 12 noon and 2 pm to 6 pm
Saturday, October 5th

Ok, if we did have signage, what would you propose it should say as far as the meeting title?

Thanks Whitney: I don't know that we have a compelling reason not to have this signage in place but would like to hear from others?

From a transparency and communications point of view, it would seem to be beneficial.

Subject: question from Chris at Mueller Center

Hi team, Chris from the Mueller Center just called me and said that someone who knows about the hearing on Sat. has asked him to put signage out on the facility marquee to advertise that the public hearing is happening. Chris said that since we are the renters, it is up to us to decide if we want to announce it in that way. I told Chris I would check with you

all and we can reply to him via email. Douglas, let me know if you want to send the reply to him or if you want me to. Thanks.
